Adobe Photoshop

Adobe Lightroom

Adobe Premiere Pro

Davinci Resolve

PERSONAL STATEMENT

I am a filmmaker and photographer with a passion for cinematography and motorsport. I graduated from the Northern Film School with a first-class degree in Filmmaking, am a two-time RTS award winner and a BFI academy alumnus. I am motivated creator who thrives on creating high quality content working in dynamic environments. I am a fast learner who is adept with a large variety of camera systems and editing software. I have experience with both long and short form content production; from live broadcasting at Formula 1 grands prix, commercials, feature films, high end TV, shorts, and web form content. Having a range of experience from different media forms allows me to work at maximum efficiency to create the best content possible.

WORK EXPERIENCE

Camera Assistant – Sela x Newcastle United 'Unsilence the Crowd', 2024

I worked as a 2nd AC under DOP Andi Hampton for Mighty Fine Production's campaign 'Unsilence the Crowd', which introduced revolutionary sound shirts that enabled deaf fans to experience the atmosphere of a football game. Primary responsibilities were working with the 1st AC and camera operators to support them and assist their needs, keeping track of equipment and organising memory cards to prevent any disruptions. Alongside this, coordinating with the Producers and ADs to ensure maximum efficiency and quality for the campaign, whether it be shooting in the studio or at the sold-out Premier League match at St James' Park.

Live Camera Operator - TrackTV at The British and Belgian Grands Prix, 2023

Shooting live for Formula 1's Track TV at the British and Belgian Grands Prix. Conceptualising, planning and shooting multiple live hits of live fan interaction and engagement content to be shown on the giant screens around the circuit, both presenter led and as a solo roaming cam op. Operating a live camera covering the opening ceremony that ascended on the grid pre-race, before the national anthem. Additionally worked alongside the creative media team at the Belgian Grand Prix to operate a camera for the F1TV interview with current world champion Max Verstappen.

Videographer, Editor, Live Cam Op - TrackTV at The British Grand Prix, 2022

Shooting and editing short form content for Formula One's Track TV at the British GP. Planning, shooting and editing multiple pieces of fan engagement content over the course of the weekend. Emphasis on working within extreme short deadlines for broadcast. Additionally worked as a live camera operator, using the LiveU system connected to my camera rig to film multiple live hits for Track TV.

Videographer & Editor - Shell x Scuderia Ferrari, 2022

Shooting and editing for F1 content creator Lissie Mackintosh's interview with Scuderia Ferrari drivers Charles Leclerc and Carlos Sainz as part of a campaign by Shell at their beach house in Zandvoort, the Netherlands. Working solo over a dual camera and triple mic setup within a very short window of time that we had to shoot with the drivers. Constant communication with the client in the edit, alongside actioning revision notes from the sponsors prior to publishing to various social media platforms.

Freelance Camera Trainee, 2021 -

Working as a camera trainee in the Film and HETV industry, gaining experience on set and location in a fast-paced environment, with focus on efficiency and teamwork. Recent productions worked on include: **Boiling Point** (dir. Philip Barantini & Mounia Akl, DOP. Matt Lewis), **The Old Oak** (dir. Ken Loach, DOP. Robbie Ryan), **Malpractice** (dir. Philip Barantini, DOP. Matt Lewis), **Vera** (dir. Claire Winyard, DOP. Cinders Forshaw), **The Unlikely Pilgrimage of Harold Fry** (dir. Hettie Macdonald, DOP. Kate McCullough)

Camera Operator - Texon x TBD Media, 2022

Contracted by TBD Media to undertake a shoot at Texon Non Woven fabrics for a promotional video. Camera and lighting by myself along with an assistant. Emphasis to create high-quality image within a short time frame, working remotely with project managers and directors from TBD throughout the day.

Personal Care Assistant, 2018 -

Working as a care assistant to a disabled family member – providing on-call, around the clock care and varied domestic support.

Photographer for the North-East Ferrari Owners' Club, May 2014 -

Attending and capturing events; editing and distributing the images. Working with a large clientele and leaders of the group, and making sure that their needs are met.
